CYBER FRAUD AWARENESS

STOP • THINK • VERIFY • STAY SAFE

 **BE ALERT! YOUR MONEY, YOUR IDENTITY, YOUR RESPONSIBILITY.** 

Cyber fraudsters use fake calls, SMS, emails, WhatsApp messages, websites, and social media to steal your money and confidential information.

NEVER SHARE YOUR CONFIDENTIAL INFORMATION

- **OTP**
- **ATM / Debit Card PIN**
- **UPI PIN**
- **Mobile Banking Password**
- **CVV & Card Details**
- **Login Credentials**

 **Remember: Bank officials will NEVER ask you to share your OTP, PIN, password, CVV, or UPI PIN.**

BEWARE OF THESE COMMON FRAUDS

- **Fake KYC Updates** – Do not click links asking you to update KYC or prevent account suspension.
- **Phishing Links** – Never open suspicious links received through SMS, email, WhatsApp, or social media.
- **Fake Customer Care** – Verify customer-care numbers only through the Bank's official channels.
- **UPI Scams** – **You do NOT need to enter your UPI PIN to receive money.**
- **Remote Access Scams** – Never install unknown apps or allow anyone to remotely access your device.

FOLLOW THESE SIMPLE SAFETY TIPS

- Use Bank's **official mobile banking application** for Banking services.
- Never click on unknown or suspicious links.
- Set strong, unique passwords and change them periodically.
- Avoid conducting banking transactions on public or unsecured Wi-Fi networks.

- Never share OTPs, PINs, passwords, or card details—even if the caller claims to be a Bank employee.
- Regularly check your account and card transactions.
- Immediately report any suspicious transaction to the Bank.
